Title

For use by Agency personnel or contractors when an appraisal or listing of chattel property is needed.

The description of the items or class of chattel property to be shown on the form should follow the format of the chattel security instrument in use by the State and should be in sufficient detail for use in preparing that instrument.

If an appraisal is to be made on farm products, fixtures, equipment, or other chattel property that cannot be readily described under the column headings, an appropriate description of such property will be inserted below the other property without regard to the column headings.

(see reverse)
